

## Community Service

At Brady National Bank we love giving back to our community! Nothing brings satisfaction like helping your friends and neighbors, which is why we're always involved in supporting our community. McCulloch County is at the heart of everything we do. We love working with organizations to help make the future of our community bright. It is hard to define the word community..... For us, it's everything we work hard for and strive to make better. Family, friends, familiar faces. Our community is ALL of us! We are thankful to serve our community and be so deeply rooted within the foundation of Brady Texas. We truly believe in the improvement of our home and everyone around us. That is how our home-town is successful. We all succeed! When you walk into Brady National Bank, we are not simply helping our customers with financial decisions, we are helping our neighbors reach their dreams! Whether that be building their first home or even helping achieve dreams of building your own startup company! We are deep-seeded in every aspect of our community. Along with working with countless customers, local business loans, investments and transactions, our staff is heavily involved in activities and clubs outside of the bank. You'll find our bank and our people helping others wherever you look. From sitting on the school board to hosting local charity events, we're a part of the fabric that weaves this town and its people together! Every year we exceed our efforts from the previous year. To name a few, we donated a Rib Benefit for a local charity for cancer patients. Our employees were up at the crack of dawn (4am!) seasoning and firing up the cooker. We plated and served over 420 boxes of ribs, raising over \$10,000.00 for Hope from the Heart!

Every year Brady National Bank is a part of the local schools' career day. This year we had the opportunity to be a part of "Adulting Day" for Rochelle High School Seniors. The seniors were taught about the importance of credit, loans, and basics of budgeting. For the graduating seniors of McCulloch County, we were able to donate over \$10,000 dollars in scholarships to students. One of our most exciting ways Brady National Bank gives back to the community is the World Champion Goat Cook Off, where we serve a multitude of food, and drinks to the community. Unfortunately, due to COVID 19, it was cancelled in 2020. That didn't stop us from finding ways to give! We donated \$2,500 to our McCulloch County Chamber of Commerce, the organization in charge of putting on the cookoff. Over the entire year Brady National Bank donated and contributed over \$50,000.00 to the community of Brady. From your child's baseball coach to the pen you use to write your grocery list, we are here for you! Satisfying needs and building relationships!
