

Community Service - Summary

Brady National Bank invests in their local areas in multiple ways. Brady National Bank is able to provide loans for local businesses and individuals alike, helping each of us on our paths toward success. Furthermore, they often help keep money flowing locally – lending and funding in our community where our customers, including ourselves, live and work. When you maintain a checking, savings or other types of accounts with Brady National Bank, you increase your ability to offer competitive mortgages and small business loans. When you walk into Brady National Bank, we are not simply helping our customers with financial decisions, we are helping our neighbors reach their dreams! Whether that be building their first home or even helping achieve dreams of building your own startup company! We are deep-seeded in every aspect of our community. Along with working with countless customers, local business loans, investments and transactions, our staff is heavily involved in activities and clubs outside of the bank. You'll find our bank and our people helping others wherever you look. From sitting on the School Board to hosting local charity events, we're a part of the fabric that weaves this town and its people together!
