

2021 BEST OF COMMUNITY BANKING ENTRY FORM

Entry Category: Architectural Design

Title: First Lockhart National Bank – San Marcos Branch

Description of Project:

First Lockhart National Bank opened their brand new 4,195 square foot branch in San Marcos, Texas. PhaseOne Design Builders partnered with First Lockhart National Bank to provide a signature branch in the area. The contemporary architectural design is branded with exterior color night lighting differentiating itself from others. The building is a mix of stone, glass, and rich wood materials with a standing seam metal roof and a convenient four lane drive thru. The stunning interior revolves around a two story wooden central atrium, featuring sliding doors for all offices and a nontraditional café office. Community accessibility was a priority in designing this branch making the conference room and outdoor pavilion essential.

Project Summary:

First Lockhart National Bank partnered with PhaseOne Design Builders to open their brand new signature branch in San Marcos, Texas. The branch side features both a large conference room and outdoor pavilion meeting their goal of community accessibility in hopes of fostering community involvement.
